Published Abstracts
encountered by Galileo during the Earth-1 flyby, Eos, 75, 558, 1994.

43. Elphic, R. C., A. Balogh, M. W. Dunlop, M. G. Kivelson, K. K. Khurana, A technique for intercalibrating magnetic field observations from two or more closely spaced satellites, Eos, 76, S256, 1995.

51. Kepko, E. L., K. K. Khurana, M. G. Kivelson, Use of four spacecraft in determining the characteristics of magnetospheric boundaries and phenomena, D01.00-0106, pp. 184, COSPAR, 1996.

173. Khurana, K.K., and M.G. Kivelson, Potential for a subsurface ocean on Europa and its suitability for life,
Eos, Trans. AGU, 82(47), Fall Meet. Suppl., Abstract P21C-06, 2001. (C)

209. Khurana, K. K., and Schwarzl, H.K., The local time variations of Jupiter’s current sheet location and thickness, talk presented at the spring meeting of AGU held in Montreal, Canada, 2004. (C)

Invited Talks (All presented by Khurana)

6. Khurana, K. K. Galileo’s Great Adventure, Magnetometer results from the satellite flybys, Planetary Society event in conjunction with the DPS meeting in Phoenix, Arizona, 1996.

24. Khurana, K. K., W. B. Banerdt, T. V. Johnson, C. T. Russell, M. G. Kivelson, P. M. Davis, J. E. Vidale,
